## Trade mission called successful

By Bob Slatke  
Staff writer

GRANITE CITY — Area business leaders characterize the recent Southwestern Illinois trade mission to Mexico as a huge success.

Participating in the trade mission to Mexico City, Monterrey and Tampico on Feb. 17-24 were eight local business leaders and two representatives of the Illinois Department of Commerce and Community Affairs International Division, based in Chicago.

"The results were excellent," said Jim Pennekamp, executive director of the Local Economic Growth Southwestern Illinois, who led the trade delegation.

Bob Wydra, general manager of the Tri-City Regional Port District, who also attended the conference, said, "It really

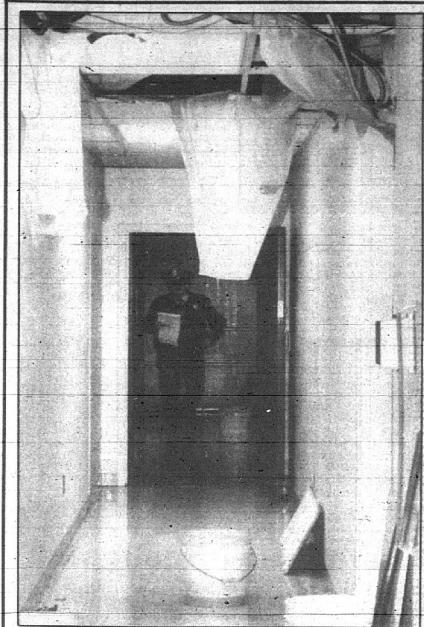

went well ... better even than I hoped it would."

"The topic of transportation opportunities was one everyone wanted to talk about," Wydra said.

The delegation met with representatives of Mexican national and state governments, various transportation officials, and leaders of private industry, Wydra noted.

Pennekamp said recent government deregulation of Mexican industry, especially in transportation of goods, has Mexican officials searching for cost-effective means of transporting their goods into the hands of U.S. consumers.

In addition to recent deregulation in Mexico, a proposed U.S.-free-trade agreement with Mexico could lead to the formation of the world's largest trading (See MISSION, Page 10A)

**UNMERCIFUL HEAVENS:** Patrolman Nick Huniak wades through a hall at the Granite City Police Station on Friday morning after heavy rain caused water to pour into "the makings of a real disaster," according to Assistant Police Chief Ron Seip. In addition to the mess, the water also caused some temporary equipment failure including loss of the telephones in the dispatch area.

## Slough developer, Haine agree on deal

By Bob Slatke  
Staff writer

EDWARDSVILLE — Claiming the county has no jurisdiction over his residential development, Dorey Slough developer Steve Lathrop has struck a deal with Madison County State's Attorney Bill Haine.

Under the terms of the agreement, Lathrop will cease further earth excavation, grading and construction on his project until the U.S. Corps of Engineers either approves or denies his application to build a wetland area. The Corps issued a cease and desist order to Lathrop on Dec. 15.

Mr. Lathrop and his attorney agreed to a preliminary injunction, according to Haine, who had filed a complaint Feb. 19 seeking a preliminary and permanent injunction against Ramm Development — of which Lathrop is president

and Ricky and Pam Pinkston.

The Corinthian citizen's assembly resolutions adopted in 1971 and 1973 "effectively placing a moratorium on construction and earth moving in the Dorey Slough," according to Haine.

Madison and Granite City Sanitary District and Granite City passed similar ordinances in the early 1970s under the direction of the Illinois Division of Waterways.

The Pinkstons have been dropped from the suit.

"I have decided to dismiss the lawsuit against Mr. and Mrs. Pinkston because I believe it would be unreasonable to proceed against them since they are average people who, in my faith, purchased this land, received building permits issued by the City of Granite City and their home is about 80 percent complete ...," Haine said in a letter to Madison County Board Chairman Nelson Hag (See SLOUGH, Page 10A)

## Rally Sunday to honor troops

GRANITE CITY — Local veterans' organizations and citizens will rally at 1 p.m. today (Sunday) at the Greater Granite City War Memorial to salute the troops serving in Operation Desert Storm. Victory in the Persian Gulf war was declared on Feb. 27.

To show support for the troops in Saudi Arabia and mark the suspension of hostilities, a special yellow ribbon project will be sponsored this week by the Desert Storm Family Support Group at St. Elizabeth Medical Center, was announced yesterday.

The yellow ribbons will be placed along Nameoki Road and Madison Avenue, starting from Pontoon and Nameoki roads in Granite City and extending south through Granite City and into Madison and Venice.

The ribbons will be placed on light poles.

## Residents on Hussein: 'He needs to be burned'

By Pam Doepke-Hurd  
Staff writer

GRANITE CITY — With the Persian Gulf war all but over, the question remains: What should be done with Saddam Hussein?

As of yesterday, a number of Quad City residents had ready answers.

Almost everyone wanted Hussein to be personally punished, some by methods probably not approved by the Geneva Convention.

"He needs to be burned," said Dennis Vauters of Madison. "Take him out of power."

"We should just go over there and blow him away," said Angela Epperson of Granite City. "The man's insane, a sadist who hurts weaker people just to

make himself feel superior. The man needs to be terminated."

"We should have killed him," said Steve Hall of Madison.

"I don't think he deserves a choice — he's feet under," said Geraldine Lewis of Granite City. "He should be shot by a firing squad. He broke the Geneva Convention, he's a mass murderer, a prisoner of war and lighting the oil wells is first."

Chad Reedy of Madison said, "We should have taken him out the first day of the war."

Almost everyone agreed Hussein should be put out of power.

"I don't think he should be imprisoned because war is war," said Darnice Franklin of Madison. "But his people should deal with him. I do think he should (See HUSSEIN, Page 10A)

## Group hopes to acquire Elks building

By Valerie Evenden  
Staff writer

The Quad-City Youth Fellowship, an area-wide group of young people from all churches in the Quad-City area, currently is in negotiations to acquire the current Elks Lodge facilities at 1329 Niedringhaus Ave.

According to Jimmy Moore, a spokesman for the Youth Fellowship board of directors, the group's proposed plans for the building initially include a youth coffeehouse format on Fridays and Saturday.

## Drug raid nets marijuana, cash

GRANITE CITY — Acting on a citizen's tip, the Granite City Drug Task force seized approximately 11 pounds of marijuana, more than \$1,000 cash and a 1989 Chevrolet Camaro automobile in a drug raid Thursday in the 1600 block of Olive Street.

According to Assistant Police Chief Ron Seip, the marijuana is estimated to have a street value of \$2,000.

In addition to the seized property, the raid led to the arrest of James Scott Stallions, 22,

## Developer's sons expected to testify

By David Migoya  
Staff writer

Testimony before a Madison County grand jury surrounding the mysterious death of Belleville real estate developer Frank E. O'Donnell Sr. begins its third week, with two of O'Donnell's six children expected to testify.

Testimony already has been heard from several witnesses, including O'Donnell's widow, Joyce O'Donnell, who confirmed that questioning has been focused on her late husband's business transactions.

"The grand jury asked me about my husband's business dealings and how so complicated and I have no way of keeping up with everything," Joyce O'Donnell said.

She could not comment more specifically on her grand jury testimony because of the secrecy of the hearings.

O'Donnell said her two sons, Mark and Ryan O'Donnell, were expected to testify this week.

Still to testify are real estate developer Donald S. Sorenson, the executor of O'Donnell's estate, and Collinsville businessman Gary Fears.

Both men are known to have had close business dealings with Frank O'Donnell.

Public records — in Illinois and Missouri — show O'Donnell's business dealings were almost always complicated as his death Nov. 17.

The investigation surrounding the 61-year-old developer's death began several weeks ago after a St. Louis man found O'Donnell's body exhumed for an autopsy. Records show a lethal

dose of barbiturates was found in O'Donnell's body.

Louis County court records show Sorenson, who took a \$100,000 life insurance policy on O'Donnell in November 1985, was part of a \$950,000 joint partnership with O'Donnell in 1986.

The trust, set up for Sorenson's tract of land on Rockland Road in St. Louis County, court records show.

Investigators also are looking at a large deal in St. Louis County in which O'Donnell was a key player.

Court records show Putt-Putt, valued at \$1.2 million, a 12-acre multi-million-dollar home in Hazelwood. O'Donnell owned 30 percent of the trust and developer Kenneth Baldridge of St. Louis owned 30 percent.

The group paid \$1.2 million for the 7.62-acre parcel in October 1987, but mortgaged it for \$1.7 million, court records show.

Partnership papers filed in St. Louis County show the purpose of the trust was to develop a 50,000-square-foot shopping center.

The land, which is the site of several retail stores and a dealership, is located at Taylor Road and Lindbergh Boulevard near Interstate 270 and Missouri Route 67.

One month after becoming a member of the partnership, O'Donnell used his 30-percent share as collateral for a \$237,000 loan with Mark Twain Bank in Belleville.

Records also show Fears offered to buy a 56,000-square-foot parcel of that tract in 1988 for \$400,000.

He later rescinded the offer.

### Burglary, forgery warrants issued

Madison County State's Attorney William Haine has issued warrants for the arrest of four local area residents. Those named include:

— Jeffrey S. Means, 22, of the 1200 block of Kirkpatrick Home and Ricky Motes, 20, of the 2400 block of Kirkpatrick, residential burglar.

The charges stem from a recent home burglary in the 2900 block of Native Way.

Bail for Motes was set at \$100,000.

Police said they caught the two at the scene.

Christopher Eric Trebring, 18, of the 1900 block of Skeen Street, Madison, and Monte Alan Macke, 34, of the 1900 block of Sixth Street, East Madison, burglar.

The charges stem from a Feb. 1 incident in which the two allegedly tried to break into Central Bank with a check for \$350 cash against a Madison woman's account.

They were arrested at 2:30 p.m. Feb. 28.

Officers were notified by a teller at Central Bank, 3300 Nameoki Road, that two men were attempting to pass what was believed to be a forged check at a drive-through window.

The men pulled away as the teller tried to detain them until officers arrive, but they were stopped at Madison Avenue and Nameoki Road and were transported to the police station, where they were booked.

**Interest in the flag running high here**

By Steve Horrell  
Staff writer

With troops coming home and possibly returning to their original homes, the question of how to display a flag properly remains a popular one.

Brian Lott, press secretary for U.S. Rep. Jim Castello, said he has received hundreds of calls from people in business asking how they should hang it. Those questions are answered in the booklet "Our Flag," developed by the House-Senate Committee. It was printed by the U.S. Governmental Printing Office.

Castello's office is mailing the booklet to all who request it.

Lott said he got an immediate response after he sent press releases to newspapers around the country announcing the availability of "Our Flag."

"Since we've had a little over 50 requests for the booklet," he said Thursday.

The booklet can be obtained by writing Castello at 1529 Longworth House Office Building, Washington D.C. 20515, writing to any of his district offices, or calling his office.

The booklet offers several rules for flag hanging, including:

"The flag should not be flown during rain or snow, unless it is made of all-weather material. Most outdoor flags can be

washed in mild detergent, but indoor flags and parade flags should be dry cleaned."

"The flag may be displayed 24 hours a day if proper lighting is used."

"While the flag is being flown, it should not touch the ground, floor, water, merchandise or anything else that may be beneath it."

"Never use the flag as wearing apparel, bedding or drapery."

"Since the flag represents a living country and itself is considered to be 'living,' a lapel flag pin should be worn on the left lapel, near the heart."

"Never use the flag to cover a ceiling."

"During a flag-raising cere-

mony or when a flag is passing in a parade, all people except those in uniform should stand at attention with the right hand over the heart. Those in uniform should render a military salute at the moment the flag passes. Men who are not in uniform should remove their hats with their right hands, holding the hat at the left shoulder, with that hand covering the heart."

"When a flag is not available, the flag may be displayed horizontally or vertically, with the stars and stripes to the viewer's left."

"When a flag is no longer fit for display, it should be destroyed in a dignified manner, preferably by burning."

**City has 7 homeless dogs available for adoption**

## Jazz band ends BAC Art Series

The Medicare 7, 8 or 9 Jazz Band from the University of Illinois, a band "so good that it never rehearses," will wrap up the Belleville Area College 1989-90 Arts Series with a performance at 8 p.m. Wednesday, March 13, in the Jubilee Room at Fischer's Restaurant, 2100 N. Main St. in Belleville.

Single admission tickets, \$8 for adults and \$6 for students and seniors, are available in advance in the College Activities Office, Room 328A of the Belleville campus, or by calling 1-800-BAC-5141, extension 200. Depending on availability, tickets also will be sold at the door.

The performance was moved to an off-campus site to accommodate a larger audience. Senior ticket holders should present their tickets to the door.

The Arts Series is co-sponsored by the College Activities Office and the BAC Foundation. Both offices were assisted in producing the Medicare concert by the Metro East U of I Club. Approximately 3,000 Illinois alumni reside in St. Clair and surrounding areas.

There are more than 100 performers ranging in age from 22 to 87, on the Medicare roster.

These performers, all somehow associated with the University of Illinois, rotate with each concert and the group never rehearses.

The group has produced two public television programs and several recordings.

## Dual directors make 'He Said, She Said' fresh

By Harry Hamm  
Correspondent

If you agree that love is blind, than the new romantic comedy, "He Said, She Said," (\*\*\*) might interest you solely for its attempt to provide some insight on this topic from the female perspective.

Kevin Bacon and Elizabeth Perkins portray *Baltimore Sun* reporters who write a popular column on local issues three times a week. This leads to a television show of the same type called "He Said, She Said."

Bacon and Perkins become romantically involved and start living together. But as you might imagine, Bacon's career as a free-wheeling, commitment-free lifestyle doesn't fit well with Perkins' more emotional and vulnerable personality.

In other terms: she wants to get married; he doesn't.

For the first 50 minutes of "He Said, She Said," we see their story from his side. The balance of the film re-tells the events from her viewpoint. In fact, the

film, written by former St. Louisan Brian Hohfeld, has a separate director for each segment.

Belleville native Ken Kwapis directs Bacon's segment; Marisa Silver directs Perkins' segment. It's an interesting pairing because Kevin and Marisa have been dating for five years and are planning to get married in March.

Although it has a tendency to stumble a little in the second half, "He Said; She Said" remains surprisingly fresh considering the dangers of being re-told in a script like this. The film's tone, scoring and even the credits are on the traditional side. Some might view it as old-fashioned, but it all lends an air of comic innocence to the story.

The chemistry between Bacon and Perkins is strong; it isn't hard to believe them. The comedy is fresh and centers around the kinds of hang-ups many of us have experienced first-hand in our relationships.

Rated PG-13 (mild). Running time: 96 minutes.

ELIZABETH PERKINS and Kevin Bacon star in film as reporters.

was charged Friday afternoon in felony warrants issued by Madison County State's Attorney Bill Tobin.

Selph said the Drug Unit, executing a search warrant, went to the house at 3:55 p.m. Thursday.

The people in the house seemed very pleased," Selph said. "They knew what was going down and they really seemed to enjoy the show."

Selph said the enforcement unit would ask that anyone with information about illegal drug-related activity in the city call the Police Department and ask to speak with the Granite City Drug Unit.

Pennckamp said the success of the mission was in part to the negotiators who attended.

"They have a great deal of expertise, and could talk knowledgeably about the various aspects of the development process," he related.

Wydra said Mexican officials are expected to visit this area in June to see Southwestern Illinois facilities first hand.

Penckamp said the advantage to the region will be an economic boom involving increases utili-

ties, construction, and the attraction of new industries.

He said the Mexican delegation is very responsive" to the delegation's presentation, and he anticipates increased shipments from Mexico soon.

"The economy is increasing even as we speak," he said, "but we also have positioned Southwestern Illinois for increased trade over the long run."

## Disagree on bus woes

A Bi-State Transit System executive says cutbacks in Madison County participation in the system threaten the long-term health of regional mass transit.

But Jerry Kane, managing director of the Madison County Transit District, says Madison County should not be blamed for Bi-State's financing difficulties.

"It's an attempt to make their (Missouri) woes look like other people's problems," Kane said.

Wednesday - Spaghetti with meat sauce, garlic bread, vegetables, pudding and fruit.

Thursday - Pizza with extra cheese, vegetable, peach cobbler.

Friday - Nachos with cheese sauce, peanut butter sandwich, celery and carrot sticks, blueberry muffins and fruit.

Monday - Beef stew with beef and vegetables, biscuits, pears.

Wednesday - Chopped steak, marinara with mozzarella cheese, corn, peach slices.

Thursday - Tuna salad with wheat bread, cole slaw, apple sauce.

district takes over more Bi-State routes this year, said John K. Leary, Bi-State executive director. He said he fears the county eventually will withdraw from the regional transit system.

Kane said that's not likely.

"We intend to contract (with Bi-State) for a year and all services will be provided by them," he said.

But Kane said his county district has taken over routes where it can provide service more efficiently than Bi-State. He said the district pays Bi-State about \$100 for each route it takes over. Its route, but the average cost of service provided by the county district is \$25 an hour.

## Parade, party being planned for returning area troops

By Liz Quirin  
Staff writer

It will be a healing homecoming for all veterans when the troops return from the Middle East.

"This war will go down in history as the healing war, uniting together veterans from Vietnam and Korea who were not remembered with a homecoming," said Doti Earp, one of the people planning a welcome home for the military personnel deployed to the Middle East.

Earp's husband, Tech. Sgt. Jonathan Earp, was deployed from the Air Force base in September.

"We started planning (the homecoming) about a month ago," Earp said. "We're looking about a huge parade and block party in downtown Belleville."

Sharon Owens, public relations representative at Auffenberg Ford, said Earp make homecoming plans.

J.D. Davis, vice president of the Vietnam Veterans of America, Metcalf East Chapter 309, will also speak. Earp said.

Right now, the group is putting

together the line of march for the parade, and Earp said she would like to see Desert Storm veterans who are also Vietnam veterans lead the parade.

"We want veterans of all wars, especially Vietnam vets who are also Desert Storm vets but not honored previously when they returned from Vietnam," Earp said.

Local political leaders will be invited, including U.S. Sen. Alan Dixon, D-Belleville, and Rep. Jerry Causillo, D-Belleville.

"I think I'll invite Senator Bush and Vice President Dan Quayle, too," Earp said.

Business leaders and city officials are expected to participate in the parades well.

Earp said she doesn't expect to have many guests before the date for the parade is picked.

"Right now we don't know when they'll be coming back, but when (they) are talking about bringing the ones that went in first," Earp said.

The 892nd Reserve Unit didn't get to the Middle East before the cease fire was called, but they are expected to be directly involved in returning the equipment and supplies to the U.S.

Earp said. The unit is in Wisconsin now and is expected to be deployed, Earp said.

"Desert Storm has been instrumental in other efforts for the troops and their families. Most recently, she organized Operation Desert Frontline, which set up a trust fund for family members of troops deployed to the Middle East."

"We have about \$10,000 and are still expecting a big donation from Aufenberg Ford," Earp said.

Earp said some money from the trust fund had been distributed to family members of deployed military personnel for utility bills, car repairs, child care and perishable food.

"I can foresee using trust fund money for families until the end of the year."

Families can request assistance through the Family Support Center at Scott AFB, and money is channeled back through the Support Center. Earp said.

That way, the family's anonymity is protected, she added.

## Party surprises birthday 'girl'

Maxine Duniphan covers the Mitchell area for the Press-Register. She can be contacted at 621-2714.

Ruth DeCelsi was the guest of honor at a surprise birthday party hosted by her daughter and son-in-law Jamie and David Connor at their home and 2808 Edgewood over the weekend.

Mrs. DeCelsi's husband, Dorsey, and relatives were there to help her celebrate her 75th birthday. Included were George and Dorothy Vaseloff, Fred and Bobbi, Terry, Jack and Debby Pasching and daughter Jennifer and Heather John Spivey and the honoree's two granddaughters, Theresa and Brady Conner.

Jamie Wallace was the guest of honor at a swim-pizza party hosted by her parents, Terry and Debbie Wallace, to celebrate her 12th birthday.

Jamie and her guests were first treated to a swim party at the Edwardsville YMCA, followed by pizza at Hartman's restaurant in Granite City for a pizza and birthday cake.

Present besides the honoree and her parents were her brother, Corey, and his wife, Debbie, and friends Dana Mayes, Amanda Timms, Tara Wiebusch, Stephanie Maxfield, Trisha Seders, Kristi Reader, Kari Cahill and Jennifer Heddickson.

Mendy Colbert celebrated her 18th birthday at a party hosted by her parents Tom and Nancy Colbert at their home on Chouteau Avenue.

Mendy and her guests enjoyed

playing ping pong and computer games, and later were served birthday cake and ice cream. The party was decorated for Mendy. It was decorated in pastel colors, Mendy's favorite.

Present also were Shelly Colbert, Sharon Shepard, Michelle Burdette, Tracy Thompson, Shepard, Jack and Lucy Cobert, Wanda Rinehart, Penny Dummitt and daughters, Jamie and Jordan, Pam Moran and children Amy and Jon, Ron and Deb Rinehart and children Ron, Theresa and Josh.

Several area residents traveled to Portland, Mo., over the weekend to visit relatives, Rick and Debbie Rinehart and Richard.

Their relatives are former area residents who moved to a farm near Portland in 1990.

Those traveling to Rick's farm to surprise him for his birthday were his mother, Wanda Rinehart, his brother, Ron Rinehart and wife Deb and children Ron, Sam and Josie; and two of his sisters, Nancy Colbert and her husband, Tom, and children Shelly and Mendy; and Linda Brinkmire and sons Justin and Kyle.

Following a family dinner, the group toured the Callaway Coun-

ty Nuclear Plant area and the Hermann area. Upon returning to the farm, the group enjoyed a dinner party over a barbecue, soft drinks and a birthday cake. Mendy had been baked by his sister especially for the occasion.

Mitchell School has announced 11 winners in the Young Authors competition in local judging.

The winners are:

Third grade students James Grier for "The Like" and Joshua Peacher for "The Mystery Valentine."

Fourth grade students, Karl Albrecht for "A Big Move," Marc Johnson for "Escape From Pound Misery" and Jori Keener for "Talking Trees."

Fifth grade student, Holly Rymer for "The Magic Ring."

Sixth grade students Lisa Dillard for "The Magic Ring," Holly Pascoe for "Double Trouble," Robbie Besserman for "An Overnight Adventure" and Jamie Pryor for "Billy's Adventure" and Laura Hodshire for "Once In A Blue Moon."

Each of the winners received a trophy and a certificate from the Mitchell PTA.

Chosen for Student of The Week honors this week were sixth grade students Tessie Bildback, Laura Hodshire, Thelma Madewell, Nicole McDowell, Holly Pascoe, and Gary Stanek. The winners were chosen by their teachers.

June Branding. Each was chosen for their ability to follow instructions and to consistently show enthusiasm, and excellence in music class.

## Task force: Tuition hike should link to inflation

A Southern Illinois University task force said tuition increases at the Edwardsville and Carbondale campuses should be tied into inflation.

The task force, appointed by SIU Chancellor Lawrence Pettit, also found the campuses' current tuition rates are in line with similar universities throughout the country.

The task force issued its report last week, but did not set a tuition increase for schools.

The Illinois Board of Higher Education has recommended all state universities increase tuition by 5 percent next year.

Douglas Wilson, SIU's vice chancellor for financial affairs, said a tuition increase will be introduced March 14 at the SIU Board of Trustees' meeting in Edwardsville.

"I assume it will be around 5

percent because that will be consistent with what the Board of Higher Education wants," Wilson said.

The board has recommended SIU's state appropriation be increased from \$66.8 million to \$72.4 million. The recommendation is tied to the tuition increase and continuation of the state's income tax exemption.

Tuition at state universities increased by 287 percent between 1977 and 1989 because of tuition support by the state, task force members said.

Wilson said the SIU system's tuition increased by about 230 percent during the same period.

SIU's tuition in 1989-90 for students increased by 34 percent, from \$249 in 1977 to \$1,461 in 1989.

"We have tried to keep tuition increases as low as possible. I think that goes with our board's

feeling to try to give a Cadillac education or a Chevrolet budget," Wilson said.

Taxes made up \$4 percent of all state universities' budgets in 1989, but they fell to .75 percent of the budget in 1989, according to the task force.

Tuition and other generated revenues have been relied upon to bridge the difference between state appropriations and budgeted expenditures.

The full-time SIUE students attended three quarters paid \$1,802 during the 1989-90 school year in tuition and fees compared to a national median of \$8,000 for public universities.

SIU's carbon-based 1989-90 tuition and fees were \$2,144 for a full-time student, compared to \$1,826 for similar large state universities.

## Manoogian named crusade leader

John Manoogian has been named to lead the American Cancer Society's community crusade in March and April, spreading the Food Fight's message about the link between diet and cancer.

Manoogian and Kelly will recruit volunteers and lead about 100 volunteers in the Quad City area into this battle against cancer.

"Our goal is to raise \$2,500," Manoogian said. This funding will support ACS programs in this community and around the state that help prevent cancer and reduce its effects.

## THE EYE SURGERY CENTER

What Is Single Stitch Cataract Surgery?

Until now, all cataract surgery required a large incision into the eye to remove the cataract and implant a lens. Eight or more stitches were required to close the wound.

Recently, however, a new, soft silicone implant has been developed that can fit through a 4mm (about 1/8 in.) incision which can be closed with a single stitch.

The result is a quicker recovery of vision and immediate return to normal activities. This is now the ideal technique for the majority of cataract cases.
